

STIRLING LX MK3

Like no other forward-fold camper-trailer on the market, the PMX Stirling LX MK3 is the ultimate off-road camping option for large families, groups, or couples who like to live large in the great outdoors. With this much space – you will have plenty of room to make new friends.

The very spirit of this camper trailer is her rugged offroad ability to reach idyllic campsites. The Stirling LX MK3 has that ability in spades. The heavy-duty 100 x 50mm hot-dip galvanised chassis made from Q345 steel, tough enough to last the distance with PMX offering a lifetime warranty on the Stirling's F5 chassis and drawbar.

With a large outdoor kitchen, prep space, two water tanks totalling 165 litres, ensuite, internal storage and 2 queens sized beds, the Stirling LX MK3 allows for you and your family to escape to some of the most beautiful, rugged and remote locations.
