

WINTON 18R TWIN

The Winton 18 is made for couples who yearn for adventure travel without compromising on luxury.

This full height touring van is not only spacious and comfortable but offers a beautifully fitted out interior with soft neutral European wood textured panelling, a well-appointed internal ensuite, generous leatherette dining area and plenty of internal hanging space and overhead storage for all those items you don't want to leave behind.

You'll never want for storage in your new kitchen, fitted out with multiple drawers beneath your huge preparation space and multiple overhead compartments, a slide out pantry, swift electric and gas cooktop with large panoramic viewing windows surrounding the entire interior.

This smart 18ft caravan utilises the C-Channel F3 Chassis and a lightweight aluminium sandwich panel body keeping your towing weight to just 2150kg, a comfortable tow for an 18ft van.
